

ARTS IN VENICE SUMMER SCHOOL

the Shape of Water

**June 30 > July 11, 2025
Venice**

Arts in Venice summer school. The Shape of Water

June 30 > July 11, 2025
Venice, Italy

Who we are

Study in Venice is a network of four of the most prominent higher education institutions in Venice: Venice Academy of Fine Arts, Benedetto Marcello Music Conservatory, Ca' Foscari University and Iuav University of Venice. We aim to create meaningful and engaging initiatives which promote international education in the fields of each partner university, and within the beautiful context of Venice.

The Summer School aims to welcome students from the Humanities who want to better understand a unique and fragile city like Venice. Participants are expected to have an interest in Arts, from Music to Contemporary Art, from Architecture to Geo-Anthropological History. The topic of the 2025 edition will be water, the key element to decipher the city built on the lagoon.

Students will be guided by professors from the four partner institutions on a journey combining the hands-on exploration of the city with guided tours, university lectures and workshops on Archaeology, Architecture, Art and Music History, Performing Arts and Environmental Science.

Students will gain firsthand experience and put into practice their knowledge and ideas in a final workshop which will aim at creating an artistic performance in a joint production including presentations, artifacts and concerts.

credits: 4 ECTS

fees: 750

Programme fees cover all instruction and field activities, student administration (including the issue of a final transcript) and orientation

applications: **apply online by April 7, 2025**

programme director: **Cecilia Franchini**
